

## Creighton Model FertilityCare™ System Bulletin Announcements

**Below you will find seven options for announcements to be inserted in the bulletin. Priests can insert different ones every week or month and use anyone of the titles listed at the end.**

1-Discover what every couple needs to know, and what every woman has a right to know. Attend an introductory session about the Creighton Model FertilityCare™ System. These sessions provide in-depth information on a scientifically based system that helps married couples mutually value, respect and understand their combined fertility by promoting shared responsibility and marital bonding and system that empowers women to manage PMS, Menopause, **INFERTILITY**, and other health problems through **NaProTECHNOLOGY**, a reproductive science. To register, **contact Marise Frangie 914-393-8907 or [cedaroflebanonfcc@gmail.com](mailto:cedaroflebanonfcc@gmail.com)**

2-The Creighton Model FertilityCare™ System Introductory Session is offered monthly at a variety of area locations and long distance. Fulfills marriage policy requirement. Helpful for achieving and avoiding pregnancy plus medical applications. Better than IVF for infertility! To register **contact Marise Frangie 914-393-8907 or [cedaroflebanonfcc@gmail.com](mailto:cedaroflebanonfcc@gmail.com)**

3-Couples can plan and space their children with ease using modern **natural** methods of family planning. Today's Creighton Model FertilityCare Services is highly effective when used to achieve pregnancy, 99% effective to avoid or postpone pregnancy, and **100% natural**. For more information **check [www.cedaroflebanonfcc.com](http://www.cedaroflebanonfcc.com)**

4- There is an alternative to artificial methods of birth control and artificial reproductive technologies. Learn about the Creighton Model FertilityCare System and NaProTechnology, a new reproductive science that is highly effective to achieve and avoid pregnancy, and offers couples who are experiencing infertility the hope of achieving pregnancy while following the teachings of the church. For more information **check [www.cedaroflebanonfcc.com](http://www.cedaroflebanonfcc.com)**

5- Natural methods of family planning promote intimacy in marriage. Through SPICE = Spiritual, Physical, Intellectual, Communicative and Emotional interaction and support, couples grow in respect and appreciation for each other and their family. Discover the SPICE that every couple seeks in their marriage. **For more information check [www.cedaroflebanonfcc.com](http://www.cedaroflebanonfcc.com)**

6- We believe that it is our responsibility to let you know about the natural procreative choices that are available to you. You may not receive this information from your health care provider, family or friends because it is often confused with the outdated rhythm method of family planning that was very limiting, unreliable and required the woman to have regular cycles. This is not true about the Creighton Model FertilityCare System and NaProTechnology. **For more information, check [www.cedaroflebanonfcc.com](http://www.cedaroflebanonfcc.com)**

7- The Creighton Model FertilityCare™ System

- Is as effective to avoid pregnancy as any other method of family planning, including the birth control pill when taught and used correctly.
- Enhances a couple's relationship.
- Respects Life from the moment of conception.
- Is effective with assisting in the diagnosis and treatment of infertility, miscarriage, ovarian cysts and PMS.
- Is more effective to achieve pregnancy than artificial reproductive technologies, including IVF, for couples experiencing infertility.
- Is inexpensive

- Is an investment in your future because they can be used during the your entire procreative life, to plan or avoid pregnancy, coming off of hormonal contraception, breastfeeding, post-partum, Perimenopause or any other situation.
- Is a valuable gynecological and health record because of the daily tracking of signs of fertility
- Is a healthy alternative for health-conscious women.

### **8- Infertility and NaProTECHNOLOGY**

Infertility is a symptom of underlying disease. A real solution to the real problem of infertility is **not** what you might be familiar with, *in vitro* fertilization. Today there is a new approach for assessing the underlying causes of infertility. NaProTECHNOLOGY, the new reproductive science that works cooperatively with the woman's natural cycle, focuses on looking for the underlying causes and then develop or implement effective treatments for these conditions. With more than 6 million women in USA suffering from infertility, it is time get educated about real solutions to the problem and attend an informative session about the Creighton Model and NaProTECHNOLOGY services. For more information, **check** [www.cedaroflebanonfcc.com](http://www.cedaroflebanonfcc.com)
