

Welcome to Cedar of Lebanon FertilityCare™ Center!!!

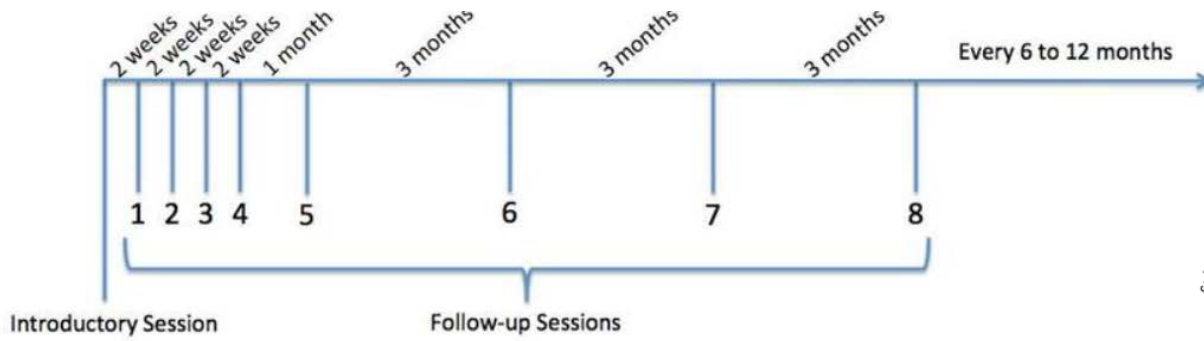

We are dedicated to helping girls, women and couples discover the Best Kept Secrets of the Creighton Model FertilityCare™ System and NaProTECHNOLOGY!!! Please read our policy care

- 1- Learning the Creighton Model FertilityCare System and developing confidence will require some time, energy and patience and it is based on regular Follow-Up Sessions. Maintaining the schedule (shown below) is very important. Please be compliant with it.
- 2- Please be prepared on time for your Follow-Up Sessions, whether in person or virtually. If you are running late, please contact me as your appointed time cannot be extended into the next person's scheduled time.
- 3- The first Follow-Up is built upon the information from the Introductory Session, the manual you received in your "Personal FertilityCare Kit", and your first two weeks of charting. It is very important to begin observations and charting right away and to read the manual before the first Follow-Up session.
- 4- Please read the clients' assignments sheet carefully after each session.
- 5- Please allow 60-90 minutes for first Follow-Up session. The subsequent ones will be shorter.
- 6- Please call my cell phone 914-393-8907 to cancel prior to 24 hours or reschedule appointments. If you are unable to reach me, please leave a message on the answering machine AND send a text message.
- 7- We encourage the couple to attend the Follow-Up Sessions together. This promotes higher levels of satisfaction and confidence.
- 8- Payment is due at the time services are provided. Payment can be submitted by mailing check made to Cedar of Lebanon FertilityCare Center or via PayPal or Apple Pay or Venmo.
- 9- You can choose to pay per session or in advance in full and receive a \$200 discount for prepaying for the package. Please check below the packages.
- 10- You will be given an invoice with Tax Id number on it to submit to your insurance for possible reimbursement.
- 11- You must email a colored scanned copy or a clear picture of your chart (one for the entire inside of the chart and one for the back) one day prior to the Follow-Up.
- 12- The General Intake Form must be completed and sent with the chart prior to the first session.
- 13- You need to complete any document sent by email and send back to your practitioner at least one day prior to the online scheduled session.
- 14- You must have a red pen available to make corrections during the session.
- 15- Once session is almost done, you need to email/send a picture of corrected chart.
- 16- If you have any questions about our center policy or between Follow-Ups, please contact me.
